How it works

- 1 We set you up**
Fill in the application on page 2 and email it back. We create your account and send you a welcome email with your personal link and dashboard login. Nothing to pay.
- 2 You get a link, a QR code and cards**
Your link looks like www.aminolabs.ca/@yourhandle. Our Card Studio (page 6) turns it into a QR code and print-ready cards to share on social media, in a group chat or in person.
- 3 Your people sign up and order**
Anyone who signs up through your link is tied to your account permanently, and every order they place from then on is credited to you automatically.
- 4 You get paid every month**
In the first week of each month we pay you by Interac e-Transfer for everything that was paid for in the month before. There is no minimum and no maximum.

Why partner with Amino Labs

Most health and wellness programs pay 8% to 15%, and many only on a customer's first order. We pay 25%, on every order, for as long as they keep buying.

It is an easy thing to recommend, too. Your people order from a Canadian company that ships from inside Canada — no border to cross, no customs, no duties and no three-week wait. Delivery is fast, discreet and tracked, coast to coast, and accounts are approved instantly.

WHAT THAT LOOKS LIKE

One order a customer orders \$190.00 of product

you earn \$47.50

One month four customers place seven paid orders — \$1,240.00 of product

you earn \$310.00

Always 25% of the order subtotal.

Affiliate application

Please fill in every box, unless it says **optional**. There is nothing to sign.

Choose whichever way is easiest for you:

1. On a computer, type into the boxes, save the file and email it to us.
2. Print this page, fill it in with a pen and email us a photo of it.
3. Or simply type the same details into an email to sales@aminolabs.ca.

On a phone or tablet? Please use way 2 or 3. A form typed inside an email app does not save.

1. Choose a name for your link

For example, if you choose **marysmith**, your link will be **www.aminolabs.ca/@marysmith**. Use small letters and numbers only, no spaces, up to 20 characters. It cannot be changed later.

Your first choice

www.aminolabs.ca/@

A second choice (optional, in case the first is taken)

www.aminolabs.ca/@

2. About you

First name

Last name

Email address

Phone number

Street address

City or town

Province (e.g. BC)

Postal code

3. How we pay you

 We pay your commission by Interac e-Transfer.

Email address for your e-Transfer (type it again, even if it is the same as above)

4. A little more, if you like

 These are all optional.

Business or brand name

How did you hear about us?

Where will you share your link? (for example Facebook, friends and family, a website)

That is everything. Email it to sales@aminolabs.ca and we usually set up your account the same day.

WELCOME TO AMINO LABS

You bring the customers. We do the rest.

Share your personal link, QR code or cards with friends, family and people you know. You do not need a business or a large following. Amino Labs handles inventory, packing, shipping, customer service and daily operations. **Your role is attracting customers; you never need to hold stock or fulfil orders.**

Choose how involved you want to be

Hands-off

Share your personal link or cards when it comes up naturally. If you run a business, you can include cards with orders.

Occasional

Post your personal link or QR code on social media occasionally, and keep cards with you to share when the opportunity comes up.

Hands-on

Plan regular posts, share cards and check your dashboard to understand results. Use your link and QR code to attract customers through social media and word of mouth.

Your link, the customer offer and your payments

COMMISSION AND PAYMENTS

The standard rate is 25% at a 1.00 commission factor. Your welcome email confirms your assigned rate and sales terms. Payments are made at the beginning of each month for the previous month's sales.

THE CUSTOMER OFFER · WELCOME10

WELCOME10 gives 10% off the customer's first order. Everyone shares this code; it does not identify you. Your personal link or QR identifies the referral. Ask new customers to follow it before creating their account and ordering.

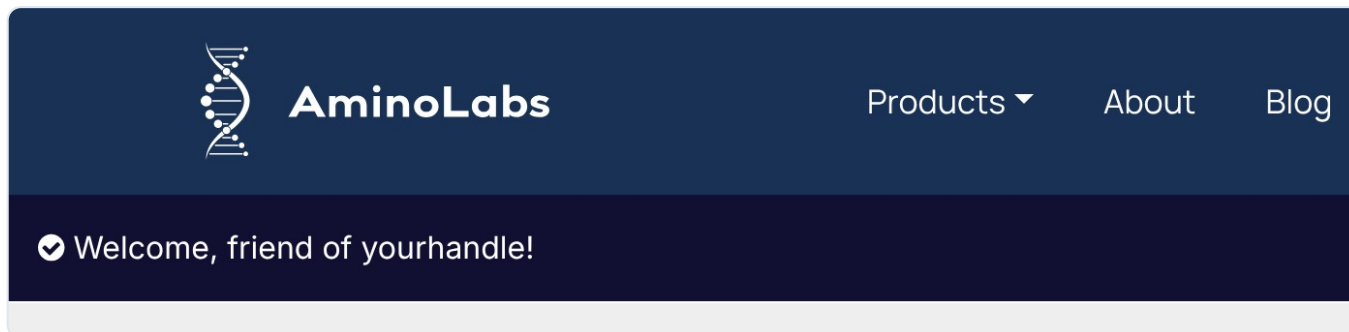

Before you start: you will receive your assigned handle, personal link, dashboard login and commission details from the Amino Labs team. Test the link first (page 4), then make your cards (page 6).

BEFORE YOU SHARE ANYTHING

First: test your link and QR

Look for your own handle

The website should show “**Welcome, friend of [your affiliate handle]!**” near the top. The example below uses “yourhandle” as a placeholder:

Example only: your message should show your own assigned handle, not the word “yourhandle”.

- 1 Test your link**
Open the personal URL supplied by Amino Labs. Immediately check that the welcome message shows your assigned handle. The message may disappear after a short time; reopen your personal URL to check again. Do this before sharing.
- 2 Test your QR code**
Open your downloaded card PDF on a computer. Point your phone camera at its QR code and tap the link that appears. Check for the same welcome message with your own handle.
- 3 Check the printer's proof too**
Before approving printing, scan the QR code on the printer's final proof. Check the welcome message again. Also test one finished card when your order arrives.

Wrong name, or no welcome message?

Do not print or share yet. Reply to your welcome email with your link and a screenshot. You do not need to buy anything to test. The banner checks the referral destination; it does not confirm a completed sale or commission.

CHECKING YOUR RESULTS IS OPTIONAL

Your affiliate dashboard

Affiliate Login

Log in to view your commissions, refer new affiliates, and manage your address and payment method.

**LOGIN**[Forgot your password?](#)

How to sign in

- 1 Open aminolabs.ca/AFPL. You should see **Affiliate Login**, as shown here.
- 2 Type the **email** used for your affiliate account, then your affiliate **password**.
- 3 Click **LOGIN**.

First time? Follow the account-setup instructions in your welcome email first.

No welcome email? Check your spam or junk folder.

Forgot your password? Click **Forgot your password?** below LOGIN and follow the email instructions.

Not your customer account. The affiliate dashboard is a separate page; always use the link above.

What your dashboard shows

Affiliate Dashboard

Welcome back, Amino QA.

This Month

ORDERS

1

SALES (CONFIRMED
PAID)

\$26.00

COMMISSION (CURRENT
RATE: 25.00%)

\$6.50

All-time

ORDERS

1

CUSTOMERS (ACTIVE)

1

This Month The current month.

Orders The order count.

Sales (confirmed paid) The sales total marked paid.

Commission The commission amount displayed for your account.

All-time Your overall totals. A new account may show zero; that is normal before results appear.

Example from a test account, September 15, 2026. Your name and numbers will be different.

Commission displayed is different from money paid to you. Payments are made at the beginning of each month for the previous month's sales. If a figure or payment seems wrong, reply to your welcome email so the team can review it.

THE AMINO LABS CARD STUDIO

Make your cards and QR code

Card Studio is a free web page that turns your handle into a print-ready, two-sided business card and a matching QR code. Nothing to install.

Open the Card Studio

Web address: <https://amino-labs-card-studio.pages.dev>

[Click or tap here ›](#)

Affiliate handle

Enter only your assigned handle, for example: sample.
We add the website address for you.

Preview ready. Check your assigned link below,
then confirm to download.

☒ I have checked that the displayed link is my
assigned affiliate link.

AMINO LABS / CANADA

10% OFF
your first order

USE CODE WELCOME10

SCAN TO EXPLORE

www.aminolabs.ca/@sample

For research use only.

Example: "sample" is a placeholder. Enter your own assigned handle.
The front of the card carries the Amino Labs logo.

- 1 Use your assigned handle** from the welcome email: the short name after @ in your link. Card Studio makes files; it does not create or activate your account.
- 2 Open the Card Studio** with the button above. Enter only your handle in **Affiliate handle**. The website address is already filled in. For example, enter sample, not @sample or the full link.
- 3 Check your card preview.** Match the link to your welcome email, then tick the confirmation box. If entry is rejected, check the assigned handle; do not invent another one.
- 4 Download your print PDF.** It contains the front and back. Separate front and back files are available if the printer asks for them.
- 5 Test the link and QR** using the steps on page 4. Then order your cards.
- 6 Share your link and WELCOME10.** You can also download the QR code for social posts. Keep the white border around it and test the finished post before sharing.

THE LAST STEP

Print your cards. Share your link.

Where to print

Try [Jukebox Print](#), or take the PDF to your local commercial printer. Ask for **3.5 × 2 inch, double-sided, full-colour cards**. Square corners and a soft-touch finish are a good choice.

Tell the printer: "The PDF already includes bleed. Please print at actual size and send me a proof before printing."

The supplied pages are 3.75 × 2.25 inches before trimming. [Printer file specifications](#).

Before sharing or ordering prints

- ☐ Your assigned handle is correct on the card.
- ☐ Your personal link and the QR code on your card both show your welcome message.
- ☐ The printer has supplied a proof, and you have scanned its QR code.
- ☐ You have scanned one finished card when the order arrives.
- ☐ You share WELCOME10 alongside your personal link or QR code.

Your account and privacy

You may use an approved public alias on your cards and referral link. Amino Labs still needs your real name, contact details and payout information privately. Card Studio does not show other affiliates' activity or verify that an entered handle belongs to you. Always use the handle assigned by the team.

NEED HELP?

Reply to your welcome email with your handle, the relevant link and a screenshot of the issue. **Never include your password.** If you have not received the email, check spam or junk, then contact the Amino Labs team who set up your account at sales@aminolabs.ca.
